Cover 12.75"x9.44"

IMPORTANT: The artwork must cover the entire cover area (12.75" x 9.44") as bleed is required. The most important part of your design (what will ultimately be seen on the cover) covers 5.31" x 8.11". Finally, the safe area is 4.52 x 7.32".

SUGGESTIONS:

- Avoid white backgrounds, as they get dirty quickly with daily use.
- Use bold font, preferably above 14 pts.
